

What makes democracy thrive?

Reflect on this question and write down what you think; brainstorm a sufficient amount to enable you to successfully participate in our class discussion (and bullet points are fine).

BTW, I'm not looking for a set answer; I'm looking for your ideas.

If you are feeling stuck...

- **Make sure you understand what “democracy” means.**
- **Make sure you understand what “thrive” means.**
- **Think about your U.S. History and government knowledge.**
- **Consider what you know of other government types and how they are different from democracy (think back to 6th grade!).**
- **Ask an adult who you think could provide you with some insights; make sure you give credit to that person if you incorporate his/her ideas.**
