

Manage screen time, distinguish between games and educational apps, prevent distractions, reward good behavior, receive alerts when your kids arrive or leave specified locations, block adult content, and more!

Circle's screen time management and parental control solutions are the easiest and most comprehensive way to manage all your family's connected devices—wherever they are, wherever they go.

Use the Qustodio parental control app or use our web-based Family Portal dashboard to monitor kids' activities in real-time. Block inappropriate content, balance screen time, and control apps and games.
